INDEX, VOLUME XI, 1968

Adler, Philip, Jr., and Jackson, Thomas W.: Motivating research technicians, 183

Aerospace company, R&D planning in, case study, 119

Alternative service concept in research project evaluation, 21

Applied behavioral science and R&D effectiveness, 305

Bamford, Thomas T.: The effect of mergers and acquisitions on industrial research, 355

Basic research at a distance, 225

Bradley, W. E.: The job of the modern research manager, 167

Brunings, Karl J.: Industrial medicinal research, 273

Burger, Alfred: Recruiting in the universities, 8

Canadian industry, government stimulation of technical innovation by, 93

Collier, D. W.: Industrial research institute session on research-on-research: Introductory remarks, 275

Communication, accomplishment by, 105

Dessauer, John H.: Scientists in our new society, 209

Dirkes, William E., and Ostrander, Don R.: A case study: Research & development planning in an aerospace company, 119

Drury, C. M.: Government stimulation of technical innovation by Canadian industry, 93

Education–industry interface, 159

Entrepreneurship and technology, 249

Environment for creativity, 231

Eschenfelder, A. H.: Creating an environment for creativity, 231

Executive personnel, 7

Feinberg, M. R.: Fourteen suggestions for managing scientific creativity, 83

Fisher, Emerson K.: see Hirsch, Joel H.

Fleming, John E.: Research planning: A bargaining process, 377

Freeman, Monroe E.: Information strategy of research management, 139

Fritz, H. Edward: Relocating a major laboratory, 177

Frozen orange juice concentrate, development of, 45

Gibian, T. G.: Research management of heterogeneous technology, 367

Gillette, Roger H.: see Swartout, John A.

Gordon, J. R.: Top management's view of industrial research, 101

Harris, Milton: The education–industry interface, 159

Hass, Henry B.: History never repeats, 153

Heterogeneous technology, 367

Hillier, James: Some thoughts on research-on-research, 349

Hirsch, Joel H., and Fisher, Emerson K.: The alternative service concept in research project evaluation, 21

Homogeneous technology, 361

Horan, John J.: Working relationships between marketing and R&D, 217

Industry/university understanding, 149

Information strategy, 139

IRI research-on-research workshop, 323

Jackson, Thomas W.: see Adler, Philip, Jr.

Job of the modern research manager, 167

Joyner, Powell A.: Program area planning, 383
Keezer, Dexter: R&D and national growth, 77
King, Richard H.: The practice of total corporate planning, 61

Mr. R. S. Caruthers, Director, Transmission Systems Planning, International Telephone and Telegraph Corporation
Mr. I. G. Easton, Senior Vice President, General Radio Company
Mr. D. E. Eckdahl, Vice President, Electronics Division, The National Cash Register Company
Dr. Michael Ference, Jr., Vice President–Research, Ford Motor Company
Mr. J. E. Hazeltine, Jr., Assistant Director of Research, Armstrong Cork Company
Dr. F. A. L. Holloway, President, Esso Research and Engineering Company
Dr. F. J. Larsen, United States Department of Defense
Mr. M. W. Lightner, Administrative Vice President, Research & Technology, United States Steel Corporation
Dr. Willard Marcy, Vice President, Research Corporation
Mr. R. F. McGinn, Vice President, Research & Development, A. O. Smith Corporation
Dr. C. G. Overberger, Chairman, Department of Chemistry, University of Michigan
Dr. E. S. Proskauer, Senior Vice President, John Wiley & Sons, Inc.
Dr. W. B. Reynolds, Vice President, Research and Engineering, General Mills, Inc.
Dr. R. J. Schatz, Director, R&D, Plastic Products and Resins Division, Monsanto Company
Dr. Morris Tanenbaum, General Manager, Engineering, Western Electric Company, Inc.
Dr. Max Tishler, President, Merck Sharp & Dohme Research Laboratories Division, Merck & Co., Inc.
Dr. C. W. Walton, Vice President, Research and Development, 3M Company.

CONTENTS

RESEARCH MANAGEMENT
A PUBLICATION OF THE INDUSTRIAL RESEARCH INSTITUTE, INC.

Volume XI, Number 1—January 1968

A Prefatory Letter 3

About This Issue 5

Opinion Forum 7

International Research by a United States-Based Company
JOHN A. SWARTOUT and ROGER H. GILETTE 13

The Alternative Service Concept in Research Project Evaluation
JOEL H. HIRSCH and EMERSON K. FISHER 21

The Development of Frozen Orange Juice Concentrate
DONALD H. PETERS 45

The Practice of Total Corporate Planning
RICHARD H. KING 61

Volume XI, Number 2—March 1968

About This Issue 75

Opinion Forum 77

Fourteen Suggestions for Managing Scientific Creativity
M. R. FEINBERG 83

Government Stimulation of Technical Innovation by Canadian Industry
C. M. DRURY 93

Top Management's View of Industrial Research
J. R. GORDON 101

Accomplishment by Communication
R. F. MOORE 105

A Case Study: Research & Development Planning in an Aerospace Company
WILLIAM E. DIRKES and DON R. OSTRANDER 119

Information Strategy of Research Management
MONROE E. FREEMAN 139

Volume XI, Number 3—May 1968

About This Issue 147

The Need for Industry/University Understanding
GLENN A. NESTY 149

History Never Repeats
HENRY B. HASS 153

The Education–Industry Interface
MILTON HARRIS 159

The Job of the Modern Research Manager
W. E. BRADLEY 167

Relocating a Major Laboratory
H. EDWARD FRITZ 177

Motivating Research Technicians
PHILIP ADLER, JR. and THOMAS W. JACKSON 183

Volume XI, Number 4—July 1968

About This Issue 195

IRI Special Study Groups 197

Presentation of the Industrial Research Institute
Medal to JOHN H. DESSAUER 209

Scientists in Our New Society
JOHN H. DESSAUER 209

Working Relationships Between Marketing and R&D
JOHN J. HORAN 217

Basic Research at a Distance
FRED C. LEAVITT 225

Creating an Environment for Creativity
A. H. ESCHENFELDER 231

Industrial R&D in Poland in 1968
KONSTANTY LAIDLER 241

Entrepreneurship and Technology
EDWARD B. ROBERTS 249

Book Review 267

Volume XI, Number 5—September 1968

About This Issue 271

Opinion Forum 273

Industrial Research Institute Session on Research-on-Research: Introductory Remarks
DONALD W. COLLIER 275

Research-on-Research: The State of the Art in 1968
ALBERT H. RUBENSTEIN 279

Applied Behavioral Science and R&D Effectiveness
HERBERT A. SHEPARD 305

Report on the IRI Research-on-Research Workshop
MERRITT A. WILLIAMSON 323

Pertinent Publications 335

Book Reviews 341

Volume XI, Number 6—November 1968

About This Issue 347

Opinion Forum 349

The Effect of Mergers and Acquisitions on Industrial Research
THOMAS T. BAMFORD 355

Research Management of Homogeneous Technology
P. M. PITTS 361

Research Management of Heterogeneous Technology
T. G. GIBIAN 367

Research Planning: A Bargaining Process
JOHN E. FLEMING 377

Program Area Planning
POWELL A. JOYNER 383

Financial Incentives in Research & Development
J. V. RAJAN and S. K. SUBRAMANIAN 389

Pertinent Publications 397

Book Reviews 403
